MEMORANDUM FOR: Members, Technical Coordinating Committee

Let me remind you that our next meeting is scheduled for 5 July at 1300 hours in Room 6 E 60. Dr. Gottlieb has agreed to chair the meeting if I am away.

The agenda will cover:

1. A consideration of the recommendations made on the six Panel reports submitted to us last month. Please take time before the meeting to read the reports again and do some thinking about the recommendations and what we ought to do about them. If you do not have copies of the reports at hand, call my secretary and she will see that you get them.

2. A briefing on the Contract Information System. will arrange the briefing. At our last meeting we agreed that after this briefing we would decide to establish a Panel to cover the CIS and related areas.
